

Your responsibility for

**val
chia
ven
na**

a **safe** valley!

Dear visitor,

we are facing a great challenge and we are doing it together. We represent a strong, industrious and formidable valley. Thank you for your collaboration and the resolution with which you will respond to the rules and new regulations during this difficult period.

The health emergency continues and we will have to learn to live together along with the virus.

With this in mind we want to work together to maintain that ours is a safe valley.

The key words we want to share with you are: health, responsibility, distancing, masks and the commitment of everyone.

We have taken appropriate precautions for both your and our safety in order to ensure that we can enjoy ourselves whilst remaining in compliance with the rules; a gentle walk, a little shopping, outdoor sports, and a taste of the delicious local treats. We will get there...and soon we'll be hugging each other again.

Come On Valchiavenna!

Il Presidente
della Comunità Montana
e i Sindaci

Wear a **mask**

- Wash**
your hands carefully.
- Put on** the mask by applying it to the face using the elastic strips behind the ears.
- Position**
the mask correctly over the nose and mouth.
- After use**
place the mask in a covered container.

It's important not to touch or remove the mask from nose or mouth.

But do remember that you can remove your mask when sitting at a table during your consumption whilst maintaining an appropriate distance.

July 2020

In outdoor situations the mask must always be carried with you and must be worn if it is not possible to constantly maintain the safety distance of at least one metre.

Keep **your distance**

Avoid close quarters, maintaining a distance of at least one metre.

Wash **your hands** regularly

Our local businesses have made available alcohol-based gels at their entrances. Use them on entry and when exiting from shops, bars and restaurants.
